

# BUNNY EGG 3D EASTER MACHINE EMBROIDERY DESIGN - 4 SIZES

**HOW TO CREATE, A STEP-BY-STEP PROCESS**

Visit [royal-present.com](http://royal-present.com)

# INSTRUCTIONS

You need to know how to sew to embroider and sew this bunny!  
Use a quilt fabric that doesn't fray at the edges. Hoop the fabric with the stabilizer together in the hoop.

# INSTRUCTIONS

Embroider every part of the design. We put everything together in the same hoop and embroidered it all at once. You can do it however you want.

# INSTRUCTIONS

Cut out the details following the outline. There are two thread outlines; the inner one is where you need to sew the parts.

Carefully remove the stabilizer and extra thread.

[Visit royal-present.com](http://royal-present.com)

# INSTRUCTIONS

We removed the inside thread line too. There were holes left on the fabric from where the needle punctured it. They are easy to see. You will sew the egg details using these holes.

# EARS

Hoop the fabric and stabilizer into the hoop. The machine will sew the outline. Stop the car. Place a piece of fabric for the ears on this outline. Ours is yellow fabric.

# EARS

Turn the ears inside out, then iron them. If you want, you can make tucks in the fabric. If necessary, you can cut the bottom of the ears at an angle before sewing them onto the project.

# INSTRUCTIONS

Put the two pieces of egg right side together. Stitch from one side from mark to mark, as shown in the figure. Please note that the muzzle of the hare and the part with its tail will be on opposite sides.
