Instruction:

1. Sew a white outline. This is where your applique will be. You can take the thread in the color of the fabric.
2. Place a piece of appliqué fabric on this spot. Please turn on the machine; it will stitch the material to the product. We have this line marked in gray. You can take the thread in the color of the fabric.
3. Remove the hoop from the machine. Trim excess fabric close to the gray outline.
4. Put the embroidery frame back. The machine will finish the embroidery of the heart.

The applique is ready.
