INSTRUCTIONS

This instruction is suitable for all our placemats.

1. To prepare the fabric for embroidery, use temporary adhesive to attach two layers of stabilizer to it. Once this is done, place the fabric with the stabilizers into the embroidery hoop.
2. Embroider the design. Before the machine is to embroider an outline, stop the machine. Remove the hoop from the machine.
3. Turn the hoop over and spray the stabilizer from the wrong side with temporary fixation glue.
4. To create the back of the napkin, place a piece of fabric underneath the hoop, i.e., from the inside out. This will be the back of the napkin.
5. You should get it as in the photo.

INSTRUCTIONS

6. Return the hoop to the machine and continue embroidering. The machine will embroider the outline. On our color chart, it is green. Embroider it in the color of your fabric.
7. Remove the hoop from the machine again

INSTRUCTIONS

8. Trim the fabric close to the outline on both sides. You should get it as in our photo.
9. Return the hoop to the machine, and finish the embroidery. Tear off the excess stabilizer.
