INSTRUCTIONS

This placemat is embroidered directly in the hoop. The stabilizer remains inside the placemat, and nothing needs to be trimmed — you will get a finished product.

Please prewash the fabric you plan to use for the placemat before starting the embroidery process.

INSTRUCTIONS

Take two layers of tear-away stabilizer, spray the top lightly with temporary adhesive, and place the fabric on top. Hoop the stabilizer together with the fabric in the embroidery hoop.

INSTRUCTIONS

Lightly spray the wrong side with temporary adhesive spray.
Place the hoop back into the machine.
Then continue stitching the outline, using a thread color that
matches the fabric.
