NOTE

You can stitch the design out straight in the hoop. The name of this technique is In The Hoop.

You need for that:

- Cotton fabric;
- Elastic band for mask;
- The tear-away stabilizer of medium strength;
- Temporary fixation glue(on request);
- The embroidery machine design of the mask.

HOW TO CREATE, A STEP-BY-STEP PROCESS

[Visit royal-present.com](http://royal-present.com)

STAGE 1

Stabilize the fabric. Embroider the design. We recommend to use white fabric for that - the image is looking more intense.

Wait until the machine finished embroidery the Elastic band marks. Stop the machine.

STAGE 2

Put the Elastic band down to the marks. Fix it with duct tape.

Start the machine. It'll sew the Elastic band to the mask.

STAGE 3

Put a piece of fabric on top of already made part of the past.

Start the machine and stitch the mask out along the contour.

Take the mask out of the hoop. Tear of the excessive stabilizer.

STAGE 4

Cut the mask out close to the contour, turn it inside out and sew it carefully.

Iron the mask well.
